Ngapali Beach Spring Festival Will be Held as per COVID-19 Precautionary Rules for the Tourism Development of Ngapali Area

The Union Minister for Hotels and Tourism Dr. Htay Aung arrived Ngapali beach on 13 November and inspected the preparations of the local Hotels for the receiving visitors.

The Union Minister held a meeting with hoteliers and hotel managers at the meeting hall of Amata Hotel in Ngapali beach and highlighted the following points:

- Due to the COVID-19 pandemic, the world countries are attempting to resume their tourism industries from the halt of the travel businesses depending on infection rate. Accordingly, the Ngapali Beach Spring Festival will be held in line with COVID-19 precautionary rules.
- At present, the infection rate of COVID-19 is just 4 percent and the local and foreign tourists are now visiting the beaches and resorts across the country.
- The Union Minister also urged the attendees to show the video-clip of conducting hotel services in line with COVID-19 instructions and rules at receptions, meeting halls and restaurants of hotels.

The certificates of recognition at region level were provided to the hotels which have been granted the permission to resume their operations under the plan of “Enchanting Myanmar Health & Safety Protocol”.

Fishery Products Processed to be Value-Added for Exports

124 factories in total are producing the value-added fishery products after processing and the products are packed and being exported to abroad.

The following measures are required so that the fishery products meet the international standards:

- Doing regular checks of Department of Fisheries every fourth or sixth month so that the export products meet the guidelines set by countries of demand.
- The checks whether the factories follow the GMP and SSAP rules as well as whether the toilets of the factories are clean and staff wear the uniforms, masks and gloves.
- The transportation of fishes and shrimps

farmed from sea, farming pool and rivers is being systematically carried out as per international rules.

It is reported that the processed fishery products are being tested in labs at the Department of Fisheries and exported to foreign countries in line with international standards and rules.
